

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

OUR BUSINESS DEVELOPMENT

The history of our business can be traced back to 1999 when Beijing D&G was established by the Choi Family Founders using their own income and investment savings to manufacture and sell asphalt mixing plants in the PRC, conduct research and development, and provide various ancillary services. Prior to the establishment of Beijing D&G, our co-founder, chairman and executive Director, Mr. Choi, had been engaged in the import and distribution of European and American branded specialised engineering equipment, such as equipment for precision concrete placing and levelling, machines used in sanitary landfills, asphalt mixing plants, equipment for utility installation projects, and machineries used in agriculture and farming, in Hong Kong and the PRC for over 12 years. For details about the experience of Mr. Choi and the other Choi Family Founders, please refer to the section headed "Directors, Senior Management and Staff – Directors" in this document.

In order to better and more efficiently serve our customers in Southern China and to take advantage of the preferential enterprise income tax then offered to foreign invested enterprise, we established our second manufacturing facility in Shenzhen in 2003 and branched out from our Beijing facility to our Shenzhen facility (i) the manufacturing, sale and research and development of electronic control room facilities (which is one of the key components of our asphalt mixing plants); and (ii) the provision of after-sales services, to serve our customers in Southern China.

In 2006, in view of (i) the increasing market demand for asphalt mixing plants, (ii) our strategic plan to further expand our business; and (iii) the fact that our Beijing and Shenzhen manufacturing facilities were already heavily utilised at that time, we established our third manufacturing facility, which was larger than the Beijing facility and the Shenzhen facility combined in terms of floor space, in Langfang, Hebei Province. We then gradually transferred our various manufacturing and research and development activities from Beijing D&G to Langfang D&G. In order to take advantage of the economies of scale in manufacturing and to streamline our corporate structure for more efficient and centralised management, we also gradually transferred our business in Shenzhen D&G back to Langfang D&G.

From June 2008 onwards, our Langfang manufacturing facility became the main manufacturing facility of our Group principally engaged in the manufacture and sale of asphalt mixing plants in the PRC, research and development, and the provision of various ancillary services while our Beijing facility concentrated on (i) the research and development of the electronic control room facilities; and (ii) the provision of after-sales services of our electronic control room facilities. In 2010, our leasing company, Tianjin D&G, was established in Tianjin to engage in the leasing of our asphalt mixing plants. As a result of the transfer of business activities from Shenzhen D&G to Langfang D&G, our Shenzhen facility had ceased to carry on any business since January 2013. For further information on Beijing D&G, Shenzhen D&G, Langfang D&G and Tianjin D&G, please refer to the paragraph headed "Our Corporate History" in this section.

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

The following paragraphs describe the corporate history of our major operating entities from their respective incorporation dates up to the time immediately prior to the Reorganisation:

Langfang D&G

Langfang D&G was established in the PRC as a wholly-foreign owned enterprise on 21 August 2006 by Lucky Gain Holdings Limited (祥旺控股有限公司) (“**Lucky Gain**”), a limited liability company incorporated in the BVI and indirectly owned by the Choi Family Founders as to 40%, 20%, 20% and 20%, respectively. On the date of establishment, Langfang D&G had an initial registered capital of HK\$10,000,000 which was fully-paid up on 29 March 2007. BW Enterprise, which was also indirectly owned by the Choi Family Founders as to 40%, 20%, 20% and 20%, respectively, acquired the entire equity interests in Langfang D&G from Lucky Gain on 5 March 2008 at a consideration of HK\$10,000,000 which was determined based on the then registered capital of Langfang D&G, to take advantage of the lower withholding tax rate offered to Hong Kong shareholders at that time (as compared to that imposed on BVI shareholders). BW Enterprise subsequently increased the registered capital of Langfang D&G from HK\$10,000,000 to HK\$30,000,000 on 30 August 2010. The registered capital of Langfang D&G was fully paid-up on 16 November 2010.

On 24 December 2010, Langfang D&G acquired all the assets and liabilities of Langfang Chuangfu Machinery Company Limited* (廊坊創富機械有限公司) (“**Chuangfu Machinery**”), a limited liability company established in the PRC and 100% held by Diamond Strong at that time, in consideration for the transfer by BW Enterprise to Diamond Strong of 36.32% equity interests in Langfang D&G (the “**Merger**”). Such consideration was determined based on the percentage of Diamond Strong’s paid-up capital contribution in Chuangfu Machinery over the entire registered capital of Langfang D&G after the Merger. The Merger was properly and legally completed on 24 December 2010. As a result of the Merger, the registered capital of Langfang D&G was increased from HK\$30,000,000 to HK\$47,112,970 and Langfang D&G was held as to 63.68% and 36.32% by BW Enterprise and Diamond Strong, respectively. At the time of the Merger, each of BW Enterprise and Diamond Strong was indirectly owned by the Choi Family Founders as to 40%, 20%, 20% and 20%, respectively.

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

In order to raise capital to further expand our business, the Choi Family Founders introduced a number of investors to invest in Langfang D&G at a premium (which was then credited to the capital reserve of Langfang D&G) between February 2011 and May 2011. As a result, the indirect equity interests of the Choi Family Founders in Langfang D&G was reduced to 72%. Details of the capital contribution and shareholding interests in Langfang D&G as at 30 May 2011 are set out in the table below:

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

To prepare for a listing on a stock exchange in the PRC, Langfang D&G was converted from a limited liability company to a joint stock company on 30 June 2011 with a registered capital of RMB60,000,000 divided into 60,000,000 shares of RMB1.00 each. On 17 September 2012, Langfang D&G further increased its registered capital from RMB60,000,000 to RMB156,000,000 by capitalising its capital reserves and issuing new shares to its shareholders on a pro-rata basis. As a result, the respective shareholdings of the shareholders of Langfang D&G remained unchanged from 30 May 2011 to the time immediately prior to the Reorganisation.

In November 2012, Langfang D&G submitted an application to the CSRC for the listing of its A shares on the Shanghai Stock Exchange (“**A Share Listing Application**”). However, after considering the long application processing time as a result of the substantial number of companies which have submitted listing applications to the CSRC and were waiting for the CSRC to review and process, we decided not to further proceed with the A Share Listing Application. Pursuant to an announcement dated 4 April 2014 issued by the CSRC, the CSRC will cease to review a listing application if the financial information set out therein has expired for more than three months. As we did not continue to update the financial information in our listing application as required by the CSRC, the CSRC ceased to review our A Share Listing Application and so notified us in writing on 1 July 2014. Up to the date of such notice, we had not received any enquiry from the CSRC regarding our A Share Listing Application. Based on the due diligence performed by the Sponsor, the Sponsor is not aware of any matters that could lead to a rejection by the CSRC of the Company’s aborted A-share Listing Application and is of the view that there is no implication of Langfang D&G’s aborted A Share Listing Application on the Group’s current listing application. The Sponsor is also not aware of any matters relating to the aborted A Share Listing Application that might affect our Group’s suitability for the current listing application and as at the Latest Practicable Date, the Sponsor is not aware of any matters that that should be brought to the attention of the regulators and investors.

Langfang D&G is our major operating subsidiary principally engaged in the (i) manufacturing and sale of asphalt mixing plants; and (ii) provision of equipment modification services and sale of machinery components and parts for our asphalt mixing plants.

Tianjin D&G

Tianjin D&G was established in the PRC as a wholly-foreign owned enterprise on 27 August 2010 with an initial registered capital of HK\$3,000,000 which was fully-paid up on 30 November 2010. The entire equity interests in Tianjin D&G was held by BW Enterprise, which was then indirectly owned by the Choi Family Founders as to 40%, 20%, 20% and 20%, respectively. On 6 December 2010, BW Enterprise transferred the entire equity interests of Tianjin D&G to Langfang D&G at a consideration of HK\$3,000,000 (being the registered capital of Tianjin D&G) and Tianjin D&G was converted into a domestic company wholly-owned by Langfang D&G on the same day with a registered capital of RMB2,563,680.

Tianjin D&G is principally engaged in the leasing of our asphalt mixing plants through operating leases.

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

Excluded Companies

Shenzhen D&G

Shenzhen D&G was established in the PRC on 2 April 2003 as a limited liability company. Immediately prior to the Reorganisation, Shenzhen D&G was a limited liability company held as to 75% by Langfang D&G and 25% by Treasure Merger Holdings Limited (溢豐集團有限公司), a limited liability company incorporated in Hong Kong and held as to 40%, 20%, 20% and 20% by the Choi Family Founders, respectively. Shenzhen D&G had a registered capital of RMB3,000,000 which was fully-paid up. Shenzhen D&G was engaged in (i) the manufacturing, sale and research and development of electronic control room facilities (which is one of the key components of our asphalt mixing plants); and (ii) the provision of after-sales services, to serve our customers in Southern China.

In order to take advantage of the economies of scale in manufacturing and to streamline our corporate structure for more efficient and centralised management, the business of Shenzhen D&G was gradually transferred to Langfang D&G. Since January 2013, Shenzhen D&G had ceased to carry on any business and was deregistered on 30 September 2014 as part of the Reorganisation. For details of the deregistration, please refer to the paragraph below headed "Reorganisation – 2. Deregistration of Shenzhen D&G and acquisition of equity interests in Langfang D&G by DGHK" in this section.

Beijing D&G

Beijing D&G was established in the PRC on 5 February 1999 as a domestic limited liability company with a registered capital of RMB5,000,000 by five PRC individuals who were employees of other companies owned by the Choi Family Founders and/or friends or relatives of the Choi Family Founders. The five PRC individuals were acting as trustees for the Choi Family Founders in establishing Beijing D&G. Although the business of Beijing D&G was not restricted to foreign investment at the time, the Choi Family Founders chose to establish and hold Beijing D&G through the five nominee holders as they thought it might be more convenient, in terms of the company establishment approval process and the organisation of operational matters such as the hiring of labour and procurement of equipment, that Beijing D&G be set up as a domestic company, and also because they were concerned that their venturing into the manufacture of asphalt mixing plants in the PRC might raise concerns among the specialised engineering equipment manufacturers whose products the Choi Family Founders were importing and distributing in the PRC about the Choi Family Founders' dedication and allocation of resources to the import and distribution business. Accordingly, the Choi Family Founders provided the funds needed for the establishment of Beijing D&G to the five PRC individuals and entrusted the individuals to establish and hold the equity interests in Beijing D&G on trust for the Choi Family Founders. As advised by our PRC Legal Advisers, the trust arrangements were valid and legally binding among the parties and did not violate any PRC laws and regulations.

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

By the end of 2000, Beijing D&G had already sold its first asphalt mixing plant to the market. As Beijing D&G began to receive more purchase orders in 2001, in order to enjoy the preferential enterprise income tax then offered to foreign invested enterprises, the Choi Family Founders felt that it was an appropriate time to convert Beijing D&G from a domestic limited liability company to a wholly foreign-owned enterprise. On 7 June 2001, Beijing D&G was converted into a wholly foreign-owned enterprise when the PRC individual nominees of the Choi Family Founders transferred all their equity interests to Oriental Trading International Limited, a Hong Kong company which was then held by the spouses of Mr. Derek Choi and Ms. Glendy Choi on trust for the Choi Family Founders. At the same time, the registered capital of Beijing D&G was increased to RMB20,000,000.

In around 2003, the Choi Family Founders began to reduce the number of foreign equipment brands for which they acted as a distributor, such that by 2005, they acted as a distributor of certain utility installation equipment and agricultural and farming equipment of only one foreign brand. In November 2005, an indirect wholly-owned subsidiary of a company held as to 40%, 20%, 20% and 20% by the Choi Family Founders regained the legal title to the shares in Oriental Trading International Limited from the nominee holders.

On 28 July 2011, Oriental Trading International Limited transferred its entire equity interests in Beijing D&G to Langfang D&G at a consideration of RMB24,500,000 which was determined based on the net asset value of Beijing D&G as at 30 June 2011. The transfer was properly and legally completed and the consideration was fully settled on 1 August 2011. From 28 July 2011 until immediately prior to the Reorganisation, Beijing D&G was wholly-owned by Langfang D&G with a registered capital of RMB20,000,000 which was fully paid-up.

From its establishment in 1999 until the commencement of our operations in the Langfang manufacturing facility in August 2006, Beijing D&G was engaged in the manufacturing and sale of asphalt mixing plants, research and development and the provision of various ancillary services. From August 2006 to May 2008, the various manufacturing and research and development activities in Beijing D&G were gradually transferred from Beijing D&G to Langfang D&G. From June 2008 up until the establishment of the Beijing Branch Office of Langfang D&G in December 2014, Beijing D&G had only been engaged in the research and development, and the provision of after-sales services, of our electronic control room facilities. It continued to own the real properties of our previous manufacturing plant in Beijing and certain assets (mainly fixed assets) which were no longer used by our Group. In mid-2013, the Li Yuan County Government in the Tongzhou District of Beijing notified Beijing D&G of the proposed demolition and relocation of such real properties and since then, Beijing D&G had been in discussions with the Li Yuan County Government regarding this matter.

As (i) the real properties in question were not required by our Group (ii) the negotiation with the Li Yuan County Government was expected to require time and effort on the part of Beijing D&G to complete and (iii) our research and development and after-sales services relating to the electronic control room facilities could be relocated to the Beijing Branch Office of Langfang D&G without any practical difficulty or material costs, we disposed of the equity interests of Beijing D&G and reacquired from Beijing D&G the assets and liabilities (except for the real properties and certain assets) which were core to the business operation of Beijing D&G shortly thereafter. As a result, Beijing D&G has since December 2014 been legally excluded from our Group. For details about the exclusion of, and the acquisition of assets and liabilities from, Beijing

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

Redemption not resulting from an event of default:

In the event that a Qualified [REDACTED] is not completed by December 2015, or there is no sale of substantially all of the outstanding Shares and/or assets of our Company in a single transaction before the Maturity Date or the Extended Maturity Date, BVI-Prima DG shall redeem the principal amount of the Exchangeable Bond which remain outstanding on the Maturity Date or the Extended Maturity Date at the redemption amount below together with all interest accrued thereon until payment is made in full.

The redemption amount shall be calculated in the following manner:

$$\text{Redemption amount} = P \times (1 + 13\%)^n$$

Where:

“P” = the principal amount of the Exchangeable Bond outstanding as at the Maturity Date or the Extended Maturity Date; and

“n” = the number of year(s) from the date of issue to the date of redemption

Save for the above, BVI-Prima DG may not redeem the Exchangeable Bond before the Maturity Date or the Extended Maturity Date unless with the prior written consent of Regal Sky.

The Exchangeable Bond will be cancelled upon redemption.

A “Qualified [REDACTED]” means an [REDACTED] of our Shares on the Main Board of the Stock Exchange at a pre-offering valuation of our Company of at least US\$[REDACTED] and proceeds therefrom of at least US\$[REDACTED].

Use of proceeds

BVI-Prima DG shall use the proceeds from the Exchangeable Bond to on-lend to our Company to fund the acquisition of equity interests in Langfang D&G from the PRC PE Investors under the Reorganisation as well as reimburse BVI-Prima DG for funds already advanced to our Company to fund such acquisition of equity interests in Langfang D&G.

All of the proceeds from the Exchangeable Bond had been used by BVI-Prima DG and our Company in the manner set out above.

HISTORY, REORGANISATION AND CORPORATE STRUCTURE

Guaranteed internal rate of return

BVI-Prima DG covenants and guarantees to Regal Sky that upon Regal Sky and/or its affiliate becoming a shareholder of our Company at the completion of the Qualified [REDACTED], Regal Sky and/or its affiliate shall have an internal rate of return of 25% (the "Guaranteed IRR"). If the [REDACTED] of the Shares is insufficient to provide the Guaranteed IRR upon Listing, BVI-Prima DG shall pay the shortfall to Regal Sky in cash to ensure the Guaranteed IRR.

According to the terms of the investor's rights agreement dated 3 November 2014 and entered into among our Controlling Shareholders, our Company and Regal Sky (the "Investor's Rights Agreement"), if any of the rights enjoyed by Regal Sky is not acceptable to the Stock Exchange, Regal Sky will work in good faith with BVI-Prima DG and our Company to formulate alternative arrangements acceptable to both its investment committee and the Stock Exchange, and such alternative arrangements may involve Regal Sky amending, waiving and/or relinquishing such rights. After negotiations among the parties, Regal Sky executed a waiver letter on 15 April 2015 (the "Waiver Letter") pursuant to which Regal Sky waived its rights to the Guaranteed IRR and such waiver would become effective upon completion of the Qualified [REDACTED]. Minter Ellison, our legal advisers as to Hong Kong law, advised that as the Waiver Letter was given unilaterally by Regal Sky pursuant to the existing terms of the Investor's Rights Agreement and involved no amendment or supplement to the Investor's Rights Agreement, the Waiver Letter does not constitute a new agreement under paragraph 7.2(a) of the Guidance on [REDACTED] investments (HKEx-GL43-12) issued by the Stock Exchange.

After negotiations among the parties, Regal Sky executed the Waiver Letter pursuant to which Regal Sky waived its rights to the guaranteed sales for the years ended 2014 and 2015 and such waiver would become effective upon completion of the Qualified [REDACTED]. Minter Ellison, our legal advisers as to Hong Kong law, advised that as the Waiver Letter was given unilaterally by Regal Sky pursuant to the existing terms of the Investor's Rights Agreement and involved no amendment or supplement to the Investor's Rights Agreement, the Waiver Letter does not constitute a new agreement under paragraph 7.2(a) of the Guidance on [REDACTED] investments (HKEx-GL43-12) issued by the Stock Exchange.
